### DISCLAIMER:

The Smittybilt XRC Black Box was developed to hold up to a 12,000 lb winch, however your original equipment or aftermarket hitch may not be capable of handling this much weight. Please consult your Owner's Manual.

The front receiver hitch is not supplied by Smittybilt and Smittybilt cannot be held responsible for damage due to improper installation and/or use.

Custom front receiver and/or modification to your original front receiver maybe required to ensure proper installation.
