The new line of Textured black accessories for the 2010 Wrangler has been completely redesigned to offer you the highest quality parts available. Each part starts off as a chunk of solid 304 marine grade steel. It's then cast in a pretreated mold which provides a part guaranteed to meet OEM Specifications every time. Once the casting is complete each part goes through an electrostatic process that puts a high quality finish. When you want a quality part that will fit and is built to last look to Smittybilt!
