NEWS

Class SB6 | Issue 2 | May 2007 | Product Highlight: XRC Performance Seating | www.smittybilt.com

NEW PRODUCT

The new line up of seats was developed for the true off road enthusiast that demand the very best in suspension seat technology. Each XRC Seat starts off with a Kodiak Frame which is one of the strongest tubular frames in the industry then complimented with a high performance foam pack with a Contoured Single Suspension Liner which provides the ultimate in comfort and quality. Each seat is covered with Mil Spec fabric & vinyl material and is available in three different color options, Black on Black, Red on Black and Charcoal on Black.

Also being introduced is a matching rear seat cover for the Jeep Wranglers applications. These seats are designed to mount up to CJ and YJ applications directly to the factory sliders and will require additional brackets (sold separately) for the TJ applications. With its fixed headrest design and fully adjustable reclining system the XRC Seat gives the look and performance needed for every situation.

KODIAK FRAME

Each XRC Seat is fitted with a Kodiak Frame which is one of the strongest tubular frames in the industry!

5 Point Harness
