PIVOT HEAVY DUTY OVERSIZE TIRE CARRIER

If you are running oversized tires on your 07+ Jeep Wrangler JK you need a full size spare tire, but perhaps you don't want to run an aftermarket rear bumper with an integrated tire carrier. Smittybilt has the solution with their Pivot Heavy Duty Oversize Tire Carrier.

- Maintains easy single action of opening and closing of the tailgate
- Strong monoblock aluminum construction eliminates tailgate sag
- Adjustable tire mount with 37" maximum tire size
- Increases load carrying capacity of 135 lbs
- Forged chrome mounting brackets – 30% stronger than steel
- Protective EPDM gaskets included to protect factory finish
- Hardened hinge points
- Third brake light mount included
- No drilling required - you can maintain OE bumpers, if preferred
- Fits all 2007-2018 JK Wranglers
- Mounting points for brackets to mount trail jack (sold separately)

**PIVOT HEAVY DUTY OVERSIZE TIRE CARRIER**
