

OVERLANDING 270 & 180 DEGREE AWNINGS/WALLS

The Smittybilt 270 and 180 Degree awnings pull out and can be set up in seconds while providing you enough sun protection to enjoy the sights. With a sleek and rugged design, you can rest easy knowing this awning will withstand the elements. Rugged construction with lightweight extruded aluminum backbone system and self-contained telescopic twist-lock poles all contained in a heavy-duty zippered PVC travel cover to protect your awning from getting beat down on while traveling to your destination. Optional walls zip in place to provide additional shade and protection from the elements.

- A** Universal extreme duty mounting bracket systems fits most roof racks or crossbars
- B** Color matched to SB GEN2 Tents and Hardshell Tent
- C** Tie down points for securing drop down legs and to control water run off included for maximum versatility
- D** Patented recess-stored aluminum twist-lock poles
- E** 10-gauge expandable zipper for accessory wall enclosure fitment (walls sold separately)
- F** Stakes and guy ropes included for all tie-down points
- G** Adjustable support poles for enhanced strength
- H** 600D Oxford polyester material
- I** Packable design with 1000G heavy-duty PVC travel cover
- J** Walls are easily installed and provide additional privacy and protection from the elements
- K** Designed for quick setup and tear down
