

DEFENDER RACK SYSTEM

› Fits 2018+ Jeep® JL 4-Door

Defender Racks by Smittybilt are made from 16-gauge, fully welded, 1" round steel tubing and finished in a textured black powder coat. Aerodynamic styling blends well with today's vehicle designs. Welded light tabs (4 front & 2 rear) and integrated flooring maximize functionality. Multiple mounting options offer a secure attachment to any vehicle. The Defender Rack line is produced to exacting standards and built for years of trouble-free use. Ease of installation is always at the forefront of our designs.

- A** New application for Jeep® JL 4-Door*
- B** Fits models with factory hardtop
- C** 4.5-foot wide x 4.5-foot long x 4-inch sides
- D** Made from 16-gauge, fully welded, 1 inch round steel tubing
