

EXTENDED SHADE TOP WITH SKYLIGHTS

► Fits 2018+ Jeep JL 4 Door

Smittybilt Extended Shade Top with Skylights is a multi-use mesh cover that provides protective shade for passengers of the Jeep Wrangler JL 4-door yet zips away to allow full sun when they want some rays. Heavy-duty UV-and-mildew-resistant nylon material fends off the heat and glare of midday while allowing cool air to flow through the compartment. When it's time to open up, the front and rear sections zip out independently and tuck away into a water-resistant center pouch in seconds.

4 CONFIGURATIONS

FULLY CLOSED TOP

FRONT TOP OPEN

FRONT/REAR COMBO

FULLY OPEN TOP

- A** Mesh protects passengers from direct sunlight, heat, and glare while allowing airflow
- B** Proprietary front and rear sections zip open independently and tuck away when not in use
- C** Conveniently stays on with hard top installed
- D** Heavy-duty UV-and-mildew-resistant nylon webbing resists tears and flapping
- E** Mesh top can stow inside itself in its VELCRO® enclosure pocket when removed for easy storage
- F** VELCRO® attachment straps ensure snug fit and easy installation—no header channel required
