

2018+ JEEP® JL 4-DOOR C.RES-2 HD CARGO RESTRAIN SYSTEM

When you're charging through the hammers, the last thing you want is your gear flying out. To avoid this, look to Smittybilt to provide you with a cargo restraint system. The newly designed C.RES-2 Heavy Duty top- manufactured of 2" military grade nylon webbing-will last you a lifetime. Tensile strength of the webbing is an amazing 1,200 lb. Designed not to interfere with factory mounting points for your hard top, the C.RES-2 can be left on with your hardtop and to top it off, comes with a 5 year warranty.

- Powerful solution for restraining cargo within your Jeep
- Easy to install with no tools necessary
- Includes tailgate tube/bar and retainers
- Black oxide grommets for added hook up points
- Rugged 2" nylon webbing
- Side and rear curtains included
- Can be installed with hard top
- Strap items to netting systems for extra storage
- Provides coverage from the windshield frame to the tailgate
- Quick release access to cargo
- Tensile strength of 1,200 lb
