

2018+ JEEP® WRANGLER JL 2020+ JEEP® GLADIATOR JT SRC SIDE ARMOR w/ STEPS

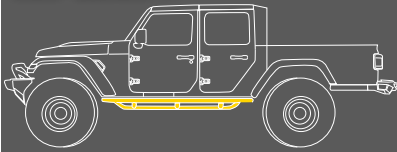

The Jeep Wrangler and Gladiator may have been given a makeover but they maintain all the ruggedness and fun as its predecessors. Trust in Smittybilt to follow suit, as the classic SRC side step has been upgraded to complement the new JL and JT while retaining its off-road DNA. Smittybilt's new SRC Side Armor with Step offers the same heavy duty manufacturing and wheel-to-wheel protection as before, but it now features secure mounting points, a sleek and modern light textured finish and a cool pinch weld plate with a laser-cut Smittybilt logo.

SRC SIDE STEPS
2018+ Wrangler JL
2 & 4-Door

SRC SIDE STEPS
2020+ Gladiator JT

- A** Heavy duty 2-inch .120 steel wall tubing with sleek, modern, light textured finish
- B** One-piece design that acts as both step and side protection at the same time
- C** Three secure mounting points, bolts on to vehicle without any drilling or modifications
- D** Dual girder system provides wheel-to-wheel protection for sides and under-section
- E** Decorative pinch weld plate with a laser-cut Smittybilt logo*

* 79634 does not come with pinch weld plates
