

JL XRC GEN2 BUMPERS

The XRC Gen2 bumpers for the Jeep JL feature aggressive, stubby styling and heavy duty features, giving you the ultimate performance for rock crawling.

- A** Raised corners for better entry and exit angles in extreme conditions
- B** 3/16" cold rolled steel with light textured black finish
- C** PP+TPO slip strips provide 5/16" additional damage protection
- D** Max solid D-ring and jack point mount welded on the inside and out
- E** Accommodates up to 12k winch. Comes with both 6x4.5 and 10x4.5 bolt patterns
- F** Light mount tabs for lights up to 9" in diameter
- G** Works with all OE fog lights*

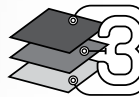

* Excluding lights supplied with metal Rubicon front bumpers
