

FACTORY COLOR-MATCHED M-1 FENDER FLARES

These M1 factory color matched fender flares are the latest new product from Smittybilt. Not only will they provide additional tire coverage, they'll give your truck an instant rugged, off-road look. They are constructed from an OEM quality ABS material that are heat resistant, UV stable and factory color matched using genuine factory paint codes. If that is not enough, wear, rubber gaskets, and decorative bolt kit are pre-installed to make fitment hassle free.

- A** Factory colors using genuine factory paint codes (Color matched and ready to go)
- B** Sherwin Williams® paint that is finished with a high solar clear coat for UV protection and extra shine
- C** Features Smittybilt exclusive pre-installed protective rubber trim and stainless steel decorative bolts
- D** Robotically trimmed for precise fitment (competitors hand cut their flares)
- E** Premium ABS plastic (made from virgin material, not recycled scraps like competitors)
- F** O.E. grade quality composite to fit stock body panels
- G** Up to 2" additional protection
