

# SMITTYBILT BEDGUARD™

## ACCESSIBLE, LOCKABLE, DURABLE FOLDING BED COVERS

Smittybilt knows how important it is to protect your cargo from theft and weather damage. That's why BedGuard™, with its lockability, EPDM weather seals along with its aerodynamic fit, and easy folding retraction is the only choice. Flush-mounted, this solid matte black surface features a low-profile design that highlights the lightweight, multi-functional connected panels, which can remain in a propped position for quick bed access and are easily installed or removed depending on need.

In today's ever-challenging world, knowing your equipment is stored and secured with the BedGuard™ and tailgate in place is a comforting thought. With the BedGuard™ installed, given the flat, smooth surface placed over the bed, the sweptback appearance makes better airflow and that quickly translates into better gas mileage for every journey. Smittybilt BedGuard™ folding truck bed covers are ready to go the distance, with a 20-minute installation, powder coated finish, 5-year warranty and great value, now's the time to get covered up!

- A** Low-profile flush mounting design featuring easy folding, connected panels, with quick truck bed access and improved gas mileage from BedGuard's™ flush aerodynamic fit
- B** An attractive fiberglass skinned surface, smooth light grained matte black finish that complements the top of every truck bed and provides a sleek premium look
- C** Secure and discreet patented locking feature within the bed cover so customers can utilize the truck bed as an additional area to protect valuables
- D** Water-resistant UV stable bed cover/protection adds an extra layer of protection from elements
- E** 20 minute installation with quick open and close operation. Designed so the truck bed can still be utilized as needed, folds back quickly to a propped position for complete bed access
