

APOLLO SLIDERS WITH STEPS

21+ Ford® Bronco

Smittybilt's new Apollo sliders are now available for the Ford Bronco! Constructed out of 1½" tubing featuring a one-piece welded design with customizable accent plates. These steps offer wheel-to-wheel coverage for the ultimate protection for your Bronco. With bolt-on installation, the Apollo side steps are the perfect way to protect your Bronco while adding your own style with ease.

- A** Heavy-duty steel tube side bar
- B** Removable sheet metal for customization
- C** Wheel-to-wheel coverage for maximum protection
- D** Dual girder system protects sides and under section
- E** One-piece design with 1.5" steel tubing
- F** Sleek, modern, light textured finish
- G** Direct Fit
- H** 4/2-door models
