

XRC ATLAS FRONT BUMPER WITH GRILLE GUARD

NOW AVAILABLE FOR JEEP® WRANGLER JL

Building on it's success for the JK platform the all-new design of Smittybilt XRC Atlas front bumpers for Wrangler JL are the latest generation of high-quality, durable, full-width bumpers with the Atlas tag. All-new for the JL application is a 3 piece design that allows the customer to choose installation with or without the bull-bar with an easily removable panel to install and service a winch after bumper installation.

Just like it's predecessor for JK the new XRC Atlas bumpers for JL offer impressive tire clearance while providing full-width protection. A Stylishly chiseled, strong and functional bumper -- the perfect addition to any hardcore Jeep® JL build.

FEATURES AND SPECS:

- 18-current Wrangler JL, 2 & 4 Door
- Innovative 3-piece design with removeable bull-bar and winch plate
- Lower design winch plate allows greater air flow
- Two stage textured matte black finish
- Manufactured from 3/16 cold rolled steel
- Two 3/4" d-ring mounts and two cutouts for fog-lights
- Direct fit, bolt-on installation
- 5-year limited warranty
