

SMITTYBILT DEFENDER LOW PROFILE BED RACK

Designed for overlanding, camping, and outdoor adventures, the Smittybilt Defender Low Profile Truck Bed Rack can carry your rooftop tent on a camping trip, gear for overlanding, or other loads of all shapes and sizes. Its rugged construction was designed for the elements! Made of carbon steel, finished with a black light textured powder coat. The Low Profile Truck Bed Rack is available for full-sized and mid-sized trucks with standard side rail or C-Channel bed rails. A seamless fit and simple bolt-on installation to your truck's utility rail system- all hardware included.
