

# TOYOTA TACOMA ACCESSORIES

Upgrade Gen 3 Toyota Tacoma with the Smittybilt Rear Bumper — engineered from rugged steel and built to integrate seamlessly with factory sensors and tow package. This bumper goes beyond protection, delivering the perfect balance of style and functionality for every adventure.

Enjoy smart features like auxiliary lighting provisions, integrated bottle openers for trail days, and a customizable logo plate. Add the optional swing-out upgrades to unlock even more storage for overlanding gear, keeping long trips easier and more organized.

For Tacoma owners who demand durability, versatility, and adventure-ready design, the Smittybilt Rear Bumper is the ultimate upgrade.

## S/B61448W TOYOTA TACOMA REAR BUMPER
