

# WINCH DAMPER

The Smittybilt Winch Damper is a must-have safety accessory for winch use, designed to reduce the risk of injury if a winch line fails. Made from durable vinyl with sewn-in reflective strips for added visibility, it fits all winches and doubles as a storage pocket for recovery straps or extra weight when needed. Its versatile design even allows it to function as a safety vest, making it an essential, multi-purpose tool for any off-roading adventure.

## FEATURES & BENEFITS

- Help avoid injury if winch line fails
- Universal Fitment
- Made of durable vinyl for long lasting use
- Can be used with all winches
- Sewn in reflective strip for added visibility
- Interior storage pocket for recovery straps or accessories or added weight if needed
- Easy to use and store away
