

JLU SQUARE BACK FULL REPLACEMENT TOP KIT

Smittybilt's JLU Square Back Full Replacement Top Kit is a full, no-drill soft-top upgrade made to fit 2018–current Jeep Wrangler JLU 4-Doors with ease. Built from durable Black Diamond Vinyl, it includes all the essentials—door surrounds, bows, tailgate bar, top deck, and OE-quality tinted windows—for a complete, weather-ready setup. Its factory-style windshield header allows a simple partial fold for a sunroof-like opening, while rear quick-release knobs let you open the top even farther for added airflow. The clean, OEM-style bow system mounts directly to the roll bar legs, and the entire top can be folded back in front of the spare tire by releasing the front bows and header, offering a unique open-air option. Backed by a 1-year Smittybilt Advantage Warranty, this kit delivers a durable, convenient, and versatile upgrade for your Wrangler.

MISSION-CRITICAL STRENGTHS

- Direct-fit, no-drill soft-top replacement for 2018–current Jeep Wrangler JLU 4-Door.
- Can transform from a complete top to an extended top.
- Kit includes all you need: top, windows, header, door surrounds and tailgate bar.
- Durable Black Diamond Vinyl with OE-quality 40-mil tinted removable windows.
- Partial-fold sunroof and rear quick-release knobs for versatile open-air options.
- Backed by a 1-year Smittybilt Advantage Warranty for added peace of mind.
