

NEW PRODUCT RELEASE
24+ TOYOTA LAND CRUISER

DEFENDER PLATFORM MOUNTING KIT

*Rack shown sold separately

Unlock rooftop capability on your 2024+ Toyota Land Cruiser with the Defender Platform Mounting Kit SBT22. Engineered specifically for the J250 chassis, it delivers a precise fit and a rock-solid foundation for Smittybilt Defender Platform Racks.

Built for overland loads and long-term durability, it integrates cleanly with the factory roofline while maintaining a low-profile, purpose-built look. When your build demands more cargo capacity, this kit provides the strength to carry it.

MISSION-CRITICAL STRENGTHS

- Vehicle-specific fit for 2024+ Land Cruiser (J250)
- Secure mounting foundation for Defender Platform racks
- Durable construction for overland gear and harsh conditions
- Low-profile, factory-style integration

ADVENTURE-READY EXTRAS

- Expands rooftop cargo capacity
- Designed exclusively for Defender Platform systems
- Engineered for daily-use reliability
- Rack sold separately (Part #6045)
- Mounting kit only
